## About TRIPP

For that one fun trip, we plan for months on end. Where do we go? Who's coming? How do we go? When? How often is that plan going to change before someone loses his or her mind? Travel planning can become a long, drawn-out horror story... unless you're on TRIPP, in which case we take care of the planning and all you need to do is book your trip. TRIPP is an innovative trip planning service that organizes travel plans for its clients from over 90000 cities across the world. TRIPP planning service serves as a one-stop destination for all the travel needs- exploring attractions and activities, creating itineraries and finding hotel and flight deals in many cases, on a budget
